INTERNATIONAL LAPAROSCOPIC LIVER SOCIETY

3rd World Congress

VIRTUAL MEETING

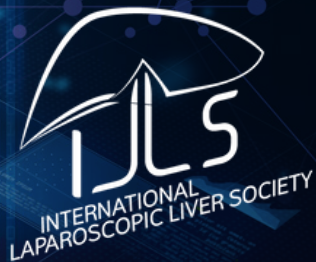

June 12 – 13, 2021

www.ills2021.com

ILLS 2021 3rd World Congress

VIRTUAL MEETING
June 12 - 13, 2021

MEETING PURPOSE AND AUDIENCE

The International Laparoscopic Liver Society (ILLs) was established to provide a forum that supports collaboration between surgeons around the world who are interested in the advancement of Laparoscopic Liver Resection techniques, education, and collaboration. The society believes that Laparoscopic Liver Resection should be performed by trained HPB surgeons and that laparoscopic liver surgery deserves special attention due to its high and specific technical requirements.

This is an excellent opportunity to reach a targeted base of Laparoscopic Liver HPB surgeons, in a low stress environment, who are seeking knowledge about devices, treatments and therapies in liver disease. Sponsors and exhibitors will have built in opportunities to engage with attendees without having to sacrifice days out of the office.

Join more than 400 liver surgeons and trainees in a virtual interchange of clinical and scientific knowledge. Virtual attendance includes chairs of major departments in North America, as well as a strong contingency of prestigious surgical leaders from Asia and Europe.

WHY YOU NEED TO JOIN US

The benefits to be gained from aligning your organization with our high-profile event are substantial. **As an ILLS Exhibitor, you will have the opportunity to:**

- Build further visibility for your company in a time where in-person office and clinical visits are scarce
- Demonstrate thought leadership
- Reach the most qualified audience of laparoscopic liver surgeon leaders
- Expand your prospect base with low cost and effective reach
- Strengthen existing relationships
- Access meeting content with a conference pass
